2025/04/12 02:40 1/1 Principles of Associationism

Principles of Associationism

Basic principles of associationism are:1)2):

- Mental elements or ideas become associated with one another through experience
- Experience consists of such things as spatial and temporal contiguity and (dis)similarity of ideas
- Complex ideas are composed and can be reduced to a set of simple ideas
- Simple ideas are sensations
- Simple additive rules are sufficient to predict complex ideas
